This matter was opened to the New Jersey State Board of Dentistry ("Board") upon the application of John J. Fitzpatrick, D.M.D. ("respondent"), to modify the terms of his Consent Order of Reinstatement entered on July 25, 2007. In support of that application, respondent submitted a report from the Professional Assistance Program, which attests to his continuing progress in recovery. The order granting reinstatement limited respondent's clinical practice to not more than 20 hours per week, required him to use the Board's triplicate prescription protocol, have a licensed or registered dental auxiliary present at all times when he is treating patients, and continue with monitoring by the Professional Assistance Program, including urine monitoring.

urine testing, shall be limited to a showing that the urine tested was not his or was a false positive, or that other information was false.
